PREAMBLE:-

Plastic Waste Management (Amendment) Rules, originally published on 18th March, 2016, as amended 27th March, 2018, under its **Rule 13. Registration of producer, recyclers and manufacturer**, states that "The State Pollution Control Board or the **Pollution Control Committee shall not renew registration of producer unless the producer possesses and action plan endorsed by the Secretary in charge of Urban Development** of the concerned State or Union Territory for setting of plastic waste management system".

The Plastic Waste Management (Amendment) Rules 2018 is applicable to all the Urban Local Bodies of the State and has to be implemented in all the ULBs in its true spirit.

Based on Rule 13(6) proposal from Trimurti Poly -Chem Pvt .Ltd vide reference letter (2) has requested to endorse Action Plan for Renewal of Form I under PWM Rules 2016. In the similar lines Government is receiving many proposals from Plastic producers, recycling industries are approaching Government to endorse the action plan by Secretary, UDD in order to get consent from Karnataka State Pollution Control Board (KSPCB).

Since there is a possibility that lot more plastic producers/ Recycling industries across the State might submit proposals for endorsing their action plan for plastic waste management as per the rules it would be difficult to endorse the same at the Secretariat level hence it is felt that **powers of endorsing the PWM action plan submitted by manufacturer/recycler/brand owners** (pertaining urban area) as per the provisions of PWM Rule 2016 (Rule 13 (6)) **may be delegated to Director , DMA** who is State Mission Director for implementation of Swachh Bharat Mission (Urban) including implementation of Solid & Plastic waste management in the State and hence this order.
